

The Glass Mill

The Glass Mill is Lewisham's new £20m flagship leisure centre

Glass Mill has won the award for Best Built Project – Community Scale at this year's London Planning Awards. Glass Mill was designed by LA Architects, who collaborated with artist Phil Coy on the building's striking exterior which incorporates around 1,800 coloured glass panels

Glass panels in ten colours are illuminated from above utilising LED lighting that responds to the surrounding external sounds, such as traffic, trains and pedestrians.

Project Data

Client: Lewisham Council

Main Contractor: Pellikaan

Electrical Contractor: Barrie Beard Electrical
